ORIGINAL

Dear Commissioner Mayes,

So, this foreign outfit, American Water wants to charge me another 72.7% on top of my already high water bill. I am one of a family of three living in a modest retirement home. I calculate that American Water will cost me about \$2000 a year for the over chlorinated water they provide. Do you really expect people to stay in this area with that kind of cost for simple drinking water? I think not. Please, don't give it to them!
